The "Magic Book" as a spread sheet [magic_book.xlsx](#). Office 2010 file version. Includes all of the mana charts and the land percentage charts.

The "Magic Book" as a PDF [magic_book2012.pdf](#). The same eight pages 8½ X 11 pages.

The "Pocket Size" [magic_book2012pm.pdf](#). The same eight pages, but reformatted to a single page. The page can then be folded into a book'

The book is a custom [PocketMod](#). On the PocketMod page you can download the PocketMod Creator I used to create this book. There is also a revised version of PocketMod, <http://repocketmod.com/>.
